

# NKC SUMMER 2025

**ITS TIME TO REGISTER  
FOR SUMMER!**

Welcome to the 41st year of the NKC summer childcare program! This summer, there are many more options for care, so please look closely at the choices offered. We base our staffing on this information. We will have field trips on Thursdays, starting with the second week and ending on the 7th. The first week will feature special events designed to kick off the summer with fun opportunities for children from our two centers to get acquainted, and for our staff to get to know the new kids before we take them off campus for field trips. The final week will be an "End of Summer Celebration Blast".
